## PROFESSIONAL SUMMARY

Data Analyst with hands-on experience in SQL-based data analysis, data validation, dashboard creation, and business intelligence reporting. Demonstrated ability to extract actionable insights from complex datasets, ensure data quality, and support strategic decision-making. Proficient in SQL, Python, Excel, Power BI, and data visualization tools. Certified in Google Data Analytics and Microsoft Power BI (PL-300). Seeking a Data Analyst role to leverage analytical expertise and drive data-driven outcomes.

## PROFESSIONAL EXPERIENCE

### Data Analysis Intern

December 2025 – May 2026

*Eaglefly Solution Pvt. Ltd.*

*On-Site*

- Analyzing large business datasets using SQL and Python to extract meaningful insights supporting strategic decision-making.
- Designing and maintaining interactive data visualization dashboards and reports to present KPI trends and findings to stakeholders.
- Performing end-to-end data cleaning, transformation, and validation ensuring 100% accuracy and reliability of analytical outputs.
- Collaborating cross-functionally to define key performance indicators (KPIs) and develop measurable business performance metrics.
- Automating repetitive data processing tasks using Python, reducing manual reporting time significantly.

### Quality Assurance Intern

June 2025 – August 2025

*Lekton Immersive Learning (Calibyte Pvt. Ltd.)*

*Remote*

- Executed SQL queries for data validation and database integrity checks across multiple test environments, ensuring consistent and accurate data flow.
- Identified and documented 50+ critical data and software issues using Jira, improving data quality metrics and product reliability.
- Utilized Linux command-line tools for log analysis and system monitoring, identifying root causes of data anomalies.
- Contributed to data-driven QA reporting, creating detailed analysis reports that informed product improvement decisions.
- Collaborated with DevOps and development teams to reduce deployment-related data defects by 25% through systematic testing protocols.

## EDUCATION

### Master of Computer Applications (MCA)

2026

*Guru Jambheshwar University*

*Hisar, Haryana*

### Bachelor of Computer Applications (BCA)

2024

*Adarsh Mahila Mahavidyalaya*

*Bhiwani, Haryana*

## DATA ANALYST SKILLS

**Data Analysis & Querying:** SQL (Joins, Aggregations, Subqueries, Window Functions), Python (Pandas, NumPy), MS Excel (PivotTables, VLOOKUP, Charts)

**Data Visualization & BI:** Power BI (PL-300 Certified), Dashboard Design, KPI Reporting, Stakeholder Presentations

**Data Management:** Data Cleaning, Data Transformation, Data Validation, ETL Processes, Database Integrity

**Statistical Analysis:** Exploratory Data Analysis (EDA), Trend Analysis, Descriptive Statistics, Root Cause Analysis

**Tools & Platforms:** Jira, Git & GitHub, Linux/Command Line, VS Code, Google Sheets

**Core Competencies:** Data Quality Management, Business Intelligence, Cross-functional Collaboration, Problem-Solving, Analytical Thinking

## CERTIFICATIONS

**Google Data Analytics Professional Certificate** – Google

**Web Development Fundamentals** – IBM

**ISO/IEC 27001:2022 Information Security Associate** – SkillFront

**Advanced PowerPoint** – Skill India
